**COMPETITION ORGANISERS**

The Young Competition Organisers course has been designed to train young people aged 16 - 25 to deliver quality competition at your Place to Play. Courses are held monthly throughout Hampshire & Isle of Wight and an updated list of dates and venues can be found by visiting the [County website](http://County website).

**SMALL TENNIS CLUBS**

This summer we are keen to work with small tennis clubs to increase the provision of coaching and competition to local people. A number of small clubs have struggled in the past to find coaches and gain new members and we are keen to get involved and support these clubs moving forwards.

So far Glebian Tennis Club and Basingstoke Waverly have come forward to work with us to provide an exciting and vibrant coaching programme over the summer, at no cost to the club, which will hopefully grow membership, increase participation and grow the club for the future. To find out how your club can do something similar, email [Simon](mailto:Simon).

**COMMUNITY TENNIS**

Now that the clocks have changed this is a great opportunity to get out and about into the community. By working with Sports Development Officers, School Sports Co-ordinators, Partnership Development Managers and Competition Managers, your coaching programme can take tennis to the masses this summer and attract new people to your club.

If your club would like to meet with any of the above people to find out how they can help your club, [email the County Office](mailto:email the County Office) for a list of contact information.
